### News and Announcements

Educator and world traveler/photographer Rich Nickel is back from his recent trip photographing the silver back gorillas and leopards in Uganda. Rich will discuss the essential photographic equipment and the challenges for the right shot throughout his adventure. Come out and see Rich at our October 25 Club Meeting. His presentations are entertaining and informative.

### Feature Photographer - Bryson Leidich

Bryson Leidich is a semi-retired commercial/architectural photographer with close to 50 years of experience. Bryson has received awards from Kodak, Fuji, and P.P. of A. among others. He holds both P.P.of A. Certified Professional Photographer and Master of Photography degrees and the P.P.of A. National Award for Meritorious Contributions to Professional Photography. His personal work has been published most recently in two books by the Manifest Gallery in Ohio.

Bryson's focus has always been primarily technical as he has a burning desire to understand how and why things work. He also feels obligated to share what he has learned with others and has been recognized as a photography instructor nationally. He has judged photography in local, regional, and national venues at both amateur and professional levels.

Bryson will be offering a class on processing on October 13<sup>th</sup> at the Hershey Library at which he will offer suggestions on processing the images of those who attend the class. Those who wish to attend can sign up at the Library or email Bryson. Full details are available at Bryson's website Learning [page](http://www.brysonleidich.com/support/resources.html) (<http://www.brysonleidich.com/support/resources.html>). There you will also find articles Bryson has written on various topics related to digital photography.
